

PRESS RELEASE

**PROCUREMENT SUMMIT - CAPULUS MEDICAL SERVICES
BECOMES HYGIENE PARTNER AT THE LEADING PROCUREMENT
FAIR FOR GERMANY, AUSTRIA & SWITZERLAND**

Hamburg, August 16, 2021 - The Hamburg company CAPULUS Medical Services is the official hygiene partner for this year's Procurement Summit (www.procurementsummit.de).

The leading congress in the field of purchasing will take place for the tenth time on September 29 and 30, 2021 in Berlin. This trade fair and conference for digitization and innovation in purchasing offers participants the ideal opportunity through workshops, panel discussions, master classes and top-class speakers from top companies such as Airbus, Beiersdorf, B. Braun, Hapag-Lloyd Roche, Lufthansa Group or Siemens to get suggestions, best practice examples and knowledge conveyed. The Procurement Summit is the unique opportunity to network with the best experts from the purchasing department and to engage in a lively exchange.

As a specialist in holistic hygiene concepts, the import and export as well as the in-house production of CE / FDA certified medical accessories, CAPULUS Medical Services is the official hygiene partner. The Hamburg-based company is equipping the top-class event with participants from Germany, Austria and Switzerland with the following corona protective measures: A corona rapid test center for taking a free antigen test, hand and surface disinfectants virucidal PLUS, medical FFP2 respirators and face masks as well as VITAPOINT® air purifier with HEPA H14 high-performance filter.

This high-performance filter is made in Germany and removes viruses, bacteria, pollen and microparticles up to a size of 0.001 µm up to **99.995%** from the air. On the one hand, this significantly reduces the risk of infection and, on the other hand, it leads to an enormous improvement in indoor hygiene. Despite the very high filter performance, the VITAPOINT® is pleasantly quiet, with the mobile version you can choose between five different models, which differ in fan and motor performance, filter levels, design, control and room size suitability. Interested parties can take a closer look at the air filter systems at the partner booth of CAPULUS Medical Services.

The Hamburg based company CAPULUS Medical Services specializes in holistic hygiene concepts for companies, in the import and export as well as the own production of CE / FDA certified medical goods according to DIN 14683: 2019 + AC: 2019 such as face masks, hand and surface disinfectants with 80% organic ethanol, disinfectant & euro dispensers, sterile PP / SMS surgical gowns and protective suits, antigen rapid tests and infrared clinical thermometers.

Customers include Klinikverbund Bremen, Deutsche Post AG, Veltins, Caritas Oldenburg, Hufeland Klinikum, St. Bonifatius Hospitalgesellschaft, Argentum Group, Pflegediakonie Hamburg-West / Südholstein, Federsse Health Center, Eichsfeldkliniken, Benevit Group, Evac Train or world market leader Gelita AG.
